NO. 14-1318	§	ADMINISTRATIVE HEARINGS

EXECUTIVE DIRECTOR'S EXCEPTIONS TO PROPOSED ORDER

The Executive Director agrees with the Administrative Law Judge's Proposal for Decision and Proposed Order and requests only one minor change to the Findings of Fact to reflect that a drought contingency plan review was conducted. Under 30 Tex. Admin. Code § 295.9, a review of the Water Conservation Plan and Drought Contingency Plan are only required when a new appropriation is requested. However, the record reflects that the Executive Director did review both the Water Conservation and Drought Contingency Plan, and found that they met the rules.

Therefore, the Executive Director respectfully requests the addition of "and Drought Contingency Plan" to two findings as follows:

Finding of Fact No. 74. A Water Conservation Plan and Drought Contingency Plan review was not required for the Application. Nevertheless, the City's Water Conservation Plan and Drought Contingency Plan meet the requirements of the Texas Water Code and TCEQ rules.

Respectfully submitted,

Texas Commission on Environmental Quality

Mark R. Vickery, P.G.  
Executive Director
